## RACKING SYSTEMS FOR THE MANUFACTURING BOOM

We are busy fabricating metal racks for manufacturing facilities across the U.S.

With the current rise in domestic production, racks and storage containers for moving product through the plant are more important than ever. Call us today about your project!

*happy harvest time*

## COMPANY UPDATES

New Hires! We have added to our staff. Follow us on social media as we spotlight these new team members over the next several months. You can find us on Instagram, Facebook, and LinkedIn.
